AM 3 - 86.7%	PM 3 - 85.7%
AM 4 - 85.5%	PM 4 - 60%
AM 5 - 97.1%	PM 5 - 90%

Did you know...?

Much of what children learn, they learn when they are very young.

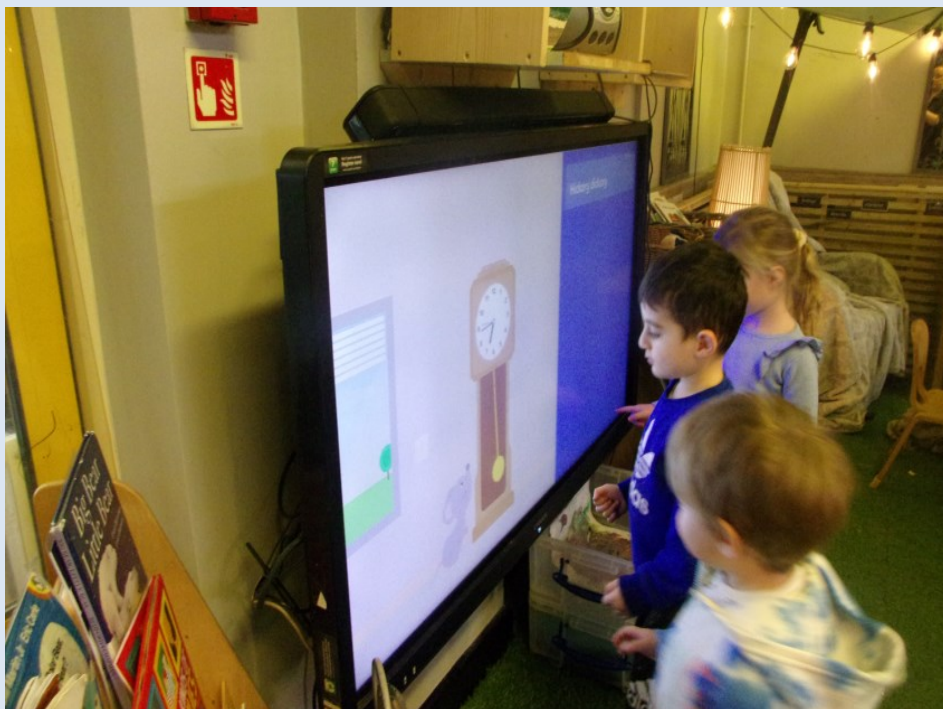

The brain develops most rapidly before birth and during the first two years of life. Good health, good nutrition and nurturing are especially important during this time. Eighty per cent of human brain's structure takes shape between the ages of 0-3 and the 90 percent of the human brain's structure takes shape until the age of 5.

This Week in Nursery

We have enjoyed exploring World Nursery Rhyme Week and we have played lots of games to help deepen our knowledge of rhythm and rhyme.

We have made squelchy squerchy mud in the clay, adding water and exploring with our hands.

Next week we will be exploring the forest setting in bear hunt, following maps to find the bear, making binoculars to go on a bear hunt and creating some large artworks around the different settings in the story.

Festive Fayre

Festive Stalls

Meet Santa

Includes festive snack bag, crafty activities and brews for adults

Activities for all the family

LANCASHIRE WOMEN

Saturday 2nd December

10am till 2pm, all welcome
21-23 Blackburn Rd, Accrington

Reminder - Nursery start of day Procedure

Parents who arrive at nursery after 9am will be asked to wait until 9.15am in the reception area to allow group time to finish without disruption. Parents of children who arrive late must sign them in on the iPad before they will be admitted into nursery.

Our 30 hour children need to arrive at nursery between 9.40am and 9.50am. Any children who arrive after that time will be classed as late and will need to sign in on the iPad before they will be admitted into nursery.

We thank you in advance for your understanding.
